## AGM- What next?

AGM's help us to see just how much is going on in the life of our church and how many people are involved in so many ways -  
A BIG THANK YOU TO ALL.

There are still gaps that could be filled - please continue to look at the areas on the board in the hall and ask yourself - is this an area that I could be involved with?

Particular and urgent needs are for someone to work with Lesley in the preparation of the crafts for Messy Church and people to come along side those who are doing 'Alternative Venue' and help to develop this area of our church life - Don't just think about it - Try it out and see if it is for you - talk to Chris or Lesley.
